

# National Autistic Society Cambridge Branch

## Treasurer's Report 2016-2017

### Preparation

The accounts cover the financial year ending 31 March 2017.

### Financial controls and risk

All reserves are held in an account with the Co-Operative Bank, in line with branch financial processes as set by the National Autistic Society. The branch has responsibility for its own fundraising and spending but the accounts are overseen by the NAS head office.

### Income and Expenditure

Income this year totalled £1,420, which mostly came from donations and a nominated proportion from membership fees paid to the national charity. We would like to thank the family & friends of Robert Townsend; and the Colleges Nursery School for their generous donations; and our branch members and their friends and families who have supported the branch and its activities and events.

Expenditure during this period totalled £2,282. This was mostly hire of premises and refreshments for our regular support groups and adult social club, and hosting further workshops for families aimed at improving their children's communication skills.

### Reserves

The excess of Income over Expenditure of -£861 means that Reserves stood at £16,601 at the beginning of the current financial year. The branch continues to be in a good position to continue the support currently offered, and to extend its activities over the next year.
